**Position:** Clinical Therapist (PACT)

**Close Date:** Open until filled

**Hours:** Varies – 24 hour program

**Job Summary:** Under the direct Supervisor is responsible for providing clinical services to clients of Western Montana Mental Health Center

**Essential Job Responsibilities:** Provide case management for an assigned group of clients including coordinating and monitoring the activities of the individual treatment team; assume primary responsibility for developing, writing, implementing, evaluating and revising overall treatment goals and plans in conjunction with the ITT; provide individual supportive therapy and symptom management, ensuring immediate changes are made in the treatment plans as clients' needs change; educate and support clients' families, and advocate for clients' rights and preferences. Conduct comprehensive assessment of psychiatric history (e.g., onset, course and effect of illness, past treatment and responses, and risk behaviors), mental status, and diagnosis; physical health and dental health; use of drugs or alcohol; education and employment; social development and functioning; activities of daily living (e.g., self-care, living situation, nutrition, money management); and family structure and relationships.

**Knowledge:** The PACT therapist must possess a thorough knowledge of mental illness; knowledge of the dynamics of human behavior and social relationships; knowledge of supervisory theory and techniques, personnel and program management, and assessment of community needs.

**Abilities:** Ability to diagnose severe problems in social functioning; to develop, implement and evaluate service plans for persons experiencing mental illness or emotional disturbance within the multi-disciplinary team setting. Ability to communicate effectively orally and in writing.

**Education & Experience:** The above knowledge and abilities are typically acquired through a combination of education and experience equivalent to a Masters' degree in Social Work, Psychology or a related field and two (2) years progressively responsible post graduate experience in a community mental health center or similar setting. Must be licensed or on licensure tract in the state of Montana.
