

Welcome to Western Montana Mental Health Center. We are glad you are here!

Please fill out the Intake Packet and return it to our office. Once we receive the completed packet, we will be able to offer you an initial assessment appointment through a scheduled time or open access.

The purpose of the initial assessment appointment is to gather information on why you are seeking services and to collect a brief history so we are better able to serve you and meet your needs.

Make sure to bring along your **picture ID**, **proof of income**, **social security card**, and **insurance card**, so that we can make copies for your medical record.

If you do not have insurance, please talk with the Client Accounts Department about assistance options in applying for coverage. To apply online, go to www.apply.mt.gov for Medicaid or www.healthcare.gov for the Affordable Care Act insurance.

A sliding scale fee or state assistance may be available if no coverage options are accessible. Please call the Clients Account Department for more information. Depending on your insurance coverage, a fee may be charged for services.

Please feel free to call with any questions you may have.

Sincerely,

All of us at Western Montana Mental Health Center
